Test Plan

Test Case	Use Case	Name	Pre-Condition	Test Data	Outcome
TC-01	M01	Add Boat	Should be logged as Employee	The system should add the new boat	The new boat should be added to the system
TC-02	M02	View All Boats	Should be logged as Employee	The system should display all boats and their information	
TC-03	M03	Remove Boat	Should be logged as Employee	The system should remove the selected boat	The Boat should be removed from the system
TC-04	M04	Add Location	Should be logged as Employee	The system should add the new location	The new location should be added to the system
TC-05	M05	View all Locations	Should be logged as Employee	The system should display all locations and their information	
TC-06	M06	Edit information of the location	Should be logged as Employee	The system should apply the changes that the manager did	The changes should be applied in the system
TC-07	M08	Add Employee	Should be logged as Employee	The system should add the new employee	The new employee should be added to the system
TC-08	M09	View all Employees	Should be logged as Employee	The system should display all employees	

TC	M	Description	Precondition	Expected Result	Postcondition
				and their information	
TC-09	M10	View all available boats	Should be logged as Employee	The system should filter the available boats and to show them	
TC-10	M11	Delete Worker	Should be logged as Employee	The system should remove the selected Worker	The Worker should be removed from the system
TC-11	M12	Inspect boat after returning	Should be logged as Employee		
TC-13	M13	**Add Item**	Should be logged as Employee	The system should add the new item	
TC-14	M14	**View All Item**	Should be logged as Employee	The system should display all items	
TC-15	M15	**Remove Item**	Should be logged as Employee	The system should remove the selected item	
TC-16	M16	**Add Rent**	Should be logged as Employee	The system should add the new rent	
TC-17	M17	**View All Rents**	Should be logged as Employee	The system should display all rents	
TC-18	M18	**Update Rent**	Should be logged as Employee	The system should apply the changes that the employee did	
TC-19	vM19	**Finish Rent**	Should be logged as Employee	The system should end the duration of the rent
